

Re-Evaluating Digital Technology to Enhance Learning

Lesson Plan

Lesson Title:	Digital art for preschool children
Lesson Duration:	90 minutes
Level:	Adults
Student Age Range:	20 - 50
Learning Style(s) of Students:	Visual, auditive, kinesthetic
Additional Student Information:	Child-minding specialty students who have to work with ADHD children (in Estonian language)
Digital Technology Hardware Required:	laptop, the teacher has got the graphic-table
Digital Technology Software Required:	Google Meet, the Internet (Chrome browser)
Other Equipment Required: the study materials:	https://www.koolonlahe.com/digivahendid/6-digijoonistame

Lesson Plan: <https://www.youtube.com/watch?v=hE1NeE2swx0>

Plan of the video description:

00:00 introduction

09:41 practical work, on-line drawing

22:34 practical work, on-line painting

27:56 movement minutes

30:57 drawing apps, demonstration

41:30 homework

Conclusion: the lesson is about how to use different online drawing tools. The preschool teachers have to be able to teach basic digital knowledge, that involves working on tablets and using art apps and environments. In this lesson the teacher gives an overview of free drawing and colouring online environments and shows some good tips how to use them to enrich the preschool art lessons. The aim of the lesson is to practice some tasks in every environment to be able to use it for the home task and in real art lessons at the kindergarten.
